JULY, 2018

## From the Superintendent's Desk

After several years operating without a budget, the state of Illinois has now passed a budget for the second straight year. The new budget provides for \$350 million in new funding for the evidence-based school funding model, a model which last year replaced the old General State Aid formula for funding schools. The new budget also includes \$50 million for early childhood education. The funding for early childhood education is news the District had been waiting to receive. Within days of the budget being approved, the District received notification that its Pre-K program at Marquette School would be approved (after a rigorous re-application process) and would be fully-funded for the upcoming year. The education funding levels in the state budget also show the state's commitment to education that had been absent in previous year's budgets. As you may recall, for several years, the state had prorated its General State Aid payments, resulting in over \$1 million in lost General State Aid from 2011 through 2016 for District 102.

As the start of another school year approaches, the District continues its annual summer cleaning and maintenance. At Georgetowne School, multiple rooms with old carpeting are being upgraded with new carpet tiles, replacing the old rollout carpeting. The carpeting in these rooms was buckling or had large gaps in the seams, creating a tripping hazard. In addition, all of the 40- year old window panes at GMS have also been replaced with new Low-E insulated glass panes. Many of the old panes had broken seals and were foggy. At Rogers School, the District is upgrading the library, converting it into a 20<sup>th</sup> century learning space. New shelving for books and storage are being added. Old carpeting is being replaced with café-style vinyl flooring. Instead of having a space just for checking out books or using the computer lab, the area is being redesigned to allow for greater flexibility for class projects, including STEM projects (Science, Technology, Engineering and Math). All the upgrades and maintenance are moving along as planned and should be completed by the time school starts again in August.

Over the summer, the district is also working to increase its technology infrastructure and its level of technology. Using money from the ESEA Title I Grant, the district will add over 70 iPad and/or Chromebooks to the three buildings as we work to create an environment where we average close to one device per student. If you recall from previous newsletters and communications, a Chromebook is a different breed of laptop. Instead of using a Windows or Mac operating system, Chromebooks run Google's Chrome operating system. These machines are designed to be used primarily while connected to the internet, with most applications and documents living in the cloud. Chromebooks are specifically designed for the Google Apps for Education Suite. Google Apps for Education, GAFE, is a set of communication and collaboration tools that includes email, calendar, and documents. In addition to adding devices, the district will also add 15 wireless access points to the buildings to increase wireless access needed to handle the increased number of devices. Up to 60% of the cost for the new devices will be covered by the federal E-rate reimbursement program.

The District 102 Board continues to monitor its local tax rate in comparison with other local elementary districts that feed into Pekin High School. Based on information published by Tazewell County in its recent handbook entitled **2017 Assessed Valuations and Rates for Taxes Payable in 2018**, District 102's tax rate for the current year is 3.0042%. It continues to be among lowest rate of the five elementary school districts that feed into Pekin High School District 303. Those remaining four districts include South Pekin 137 (2.9876%), Pekin 108 (3.2495%), Spring Lake 606 (3.7018%) and Rankin 98 (3.8528%).

## **Pre-Kindergarten at Risk Screening**

Pre-Kindergarten screening is scheduled on Monday, August 6 and Tuesday, August 7, 2018. You will need to make an appointment for this screening. We will have the screening schedule available at registration on July 30 and 31, 2018. Children must be 3 years old by September 1, 2018 and NOT age eligible to go to kindergarten to be screened for this school year. (If your child was screened in the spring and placed on the waiting list you do not need to have your child screened again.) If you are unable to come to registration, please call Marquette Elementary School at 382-3612 anytime Wednesday, August 1, 2018 for an appointment.

## **Kindergarten Screening for new students**

Marquette Elementary School will conduct screenings for new kindergarten age children that are new to the district who were not screened last Spring. Please contact Marquette Elementary School at 382-3612, Wednesday, August 1, 2018 to make an appointment for this screening. Excluded are previous screened Pre-Kindergarten students.

## **DISTRICT 102 SPECIAL PROGRAMS**

Many community members, as well as parents, may not be aware of all the special services and programs offered by the North Pekin – Marquette Heights School District. Many of these programs, or services, are open to community members from ages three to twenty-one. These services include special testing for three and four year olds who may have a speech or language problem, or if the parent feels there may be a concern because of the developmental progress of their child. In such a case, district personnel could evaluate the child for speech and language services, or possible placement in an early childhood program.

Students who are currently enrolled in the local schools also have access to the many special programs that the district provides. These programs include, but are not limited to, special education classes for learning disability students, classes for students with behavior problems, services for students with speech or language deficits, as well as programs for students with visual or physical handicaps.

In addition, the district also complies with the Americans With Disabilities Act, and Section 504 of the Rehabilitation Act of 1973. If you, as a parent, feel your child needs special assistance in these areas, or any other area, please contact your local school office, to set up an appointment to discuss your concerns.

## **ANNUAL ASBESTOS MANAGEMENT PLAN NOTICE**

This is to inform you of the status of the North Pekin-Marquette Heights District 102 asbestos management plans. It has been determined by the Illinois Department of Public Health and the Federal Environmental Protection Agency that asbestos is a potential health hazard, and precautions should be taken to avoid disturbing any asbestos containing materials. As required, our buildings were initially inspected for asbestos in December, 1987. The AHERA law requires that a visual inspection of asbestos containing areas be completed every six months, and a re-inspection conducted every three years. The district's three-year inspection is scheduled to occur in July, 2019. Any evidence of disturbance or change in condition will be documented in the Management plan as required. The Inspection/Management Plan is available for public review in the District Office located at Georgetownne Middle School, 51 Yates Rd., Marquette Heights. Should you wish to review the plans, please call to make an appointment during normal business hours.

Items needed: glove, cleats, softball pants and t-shirt. The team roster will be posted on the front door of GMS on Thursday, July 26th at 1:00 p.m.. First team practice will be held on Friday, July 27th. Time will be announced at try-outs. Go Tigers! Play ball!

Contact information: [wroyer@dist102.org](mailto:wroyer@dist102.org)

### BOYS' BASEBALL TRYOUTS

Coach: Mr. Jeff Chapman

Any 6th - 8th grade boy who would like to tryout for the 2018 Georgetowne Baseball team should report **at 5:30 to 6:30 p.m. on Tuesday, July 31 and 5:30 to 6:30 p.m. on Wednesday, August 1** to the baseball diamonds. Attendance is mandatory unless other arrangements are made with Coach Chapman ahead of time. Remember anyone wanting to tryout must have a current athletic physical. For tryouts, athletes need to bring a glove and dress appropriately for normal baseball activities. The team roster will be posted at GMS following tryouts on August 1.

### Health Examinations

Public Act 95-0422, effective August 24, 2007, revised the School Code such as that a health examination is required before entering the sixth grade of any public, private, or parochial school as opposed to entering the fifth grade of any public, private, or parochial school.

### Dental Exams

Illinois Administrative Code requires all children in kindergarten, second and sixth grades of any public, private, parochial school to have a dental examination

### Vision Requirements for Illinois Students

- ◆ Vision screenings are mandatory for second and eighth grade students
- ◆ Vision screenings are recommended for grades 4, 6, 10, and 12
- ◆ Pediatric color screening is now recommended for second grade, rather than first
- ◆ Photo screening has been approved for children under 3 and for children who cannot be screened with traditional screening methods

### Vision Examinations

Public Act 95-671, effective Tuesday, January 1, 2008, requires that all children enrolling in kindergarten in a public, private or parochial school and any student enrolling for the first time in a public, private or parochial school shall have an eye examination.

Each such child is to present proof of having been examined by a physician licensed to practice medicine in all its branches or a licensed optometrist within the previous year before the start of school on August 21, 2017.

### BLOOD LEAD POISONING SCREENING REQUIREMENTS

The Blood Lead Poisoning Prevention Act (Public Act #87-1144) requires physicians to screen children, ages six months to six years of age, for lead poisoning. By January 1, 1993, each day care center, day care home, preschool, nursery school, kindergarten or other child care facility, licensed or approved by the State, including such programs operated by a public school district, shall include a requirement that each parent or legal guardian of a child between the ages of six months through six years provide a statement from a physician or health care provider that the child has been screened for lead poisoning. The law requires that this statement shall be provided prior to admission and subsequently, in conjunction with, required physical examinations. The Tazewell County Health Department will provide blood lead testing to those who qualify. If you would like more information on the screening, call Tazewell County Health Department at 309-925-5511 or 309-477-2223.

### **Pesticide Notification**

Periodically the schools will contract with local businesses to apply pesticides or herbicides on school district property. If such applications could cause health problems to you or your family, please notify the district office. Your name will then be put on a list and you will be contacted prior to any pesticide application.

### **Bus Schedules and School Hours**

Scheduling information and school hours will be available at registration. If you have any questions please feel free to ask at that time.

### **DISTRICT 102 WEBSITE**

Please visit our website at [www.dist102.org](http://www.dist102.org) for a calendar of events, breakfast and lunch menus, student handbooks, forms, school board meeting dates and a lot of helpful information through the school year.

### **Free and Reduced Meal Applications will be available at Registration**

If you think your child may qualify for free or reduced meals, or that you may be eligible for a textbook fee waiver, please talk with one of the secretaries at registration.

Forms and eligibility criteria will be available on July 30 and 31 at Georgetowne Middle School.

### **Breakfast Program Continues for 2018-2019 School Year**

All three District 102 schools will serve breakfast starting Monday August 20, 2018. The basic menu is the same as last school year:

Choice of 3 cereals, 3 different muffins, variety of juices and white milk

Hot breakfast will be available periodically this year. Notices and menus regarding hot breakfast will be posted to our website ([www.dist102.org](http://www.dist102.org)).

The cost for breakfast – hot or cold – is \$2.15 for regular and \$.30 for reduced. Extra muffins and juice may be purchased for \$.35 each. Extra cereal may be purchased. (Not available at Marquette Elementary School) Students who qualify for free lunch will also qualify for free breakfast. Students pay daily. We also ask that lunch money and breakfast money be kept separate and that no child has more than \$13.75 in breakfast and lunch charges.

Parents Club now meets the first Tuesday (usually) of each month at Marquette Elementary School at 6:00 p.m. Our first meeting is September 4, 2018. The purpose of this organization is to raise funds for the needs of both Rogers and Marquette Elementary Schools, provide parents with information regarding club and school activities and provide a place for parents to express their views and opinions about the club activities. All monies and donations from fundraising events go to the needs of Marquette and Rogers Schools. Our activities include the Read-A-Thon, Drum-Fit, Spring Carnival, My Tiger and Me Dance, Tiger Trot 5K, Secret Santa Shop, Teacher Appreciation Week, Trunk or Treat and other family activities throughout the year.

Contact Marquette and Rogers Parent Club - [parentclub@dist102.org](mailto:parentclub@dist102.org) and visit our Facebook Page -> <https://www.facebook.com/district 102parentsclub/>

Parents club will be able to send out notifications via text. Just text the message @dist102 to the number 81010 and you will be signed up.

### **DID YOU KNOW.....**

Georgetowne Middle School Booster Club is NOT all about sports. The Booster Club in the past has purchased library books and televisions with DVDs/VCRs for the school, have helped support school-wide assemblies, kept our sports fans from going thirsty and hungry, honor our teachers and staff members with treats. The Booster Club has also donated to the Enhance the Future Scholarship Fund. However, we can't do it without YOU! We are looking for parents willing to make a difference in our school. Now more than ever, it is IMPORTANT that you are involved in your child's schooling. If you have even one day (mornings, afternoons, evenings- they are all helpful!) free a month, WE NEED YOU! Please call Georgetowne Principal Robert Ketcham at 382-3456 to let him know you are interested. This is a great opportunity to help out the GMS students and community.

# Enhance the Future Scholarship

We would like to express our sincere gratitude to the Marquette Heights Men's Club. They have opened an account to deposit the scholarship donations we receive. Without this account we would not be able to continue to raise money for the scholarships.

Congratulations to the North Pekin Marquette Heights School District 102 community! Thank you for raising enough money to grant four \$500 scholarships at the May, 2018 graduation. The recipients were: Alexis Arnold, Makenzie Barr and Damick Feger. Halle Brockamp received the Dorothy Ohlman Scholarship.

Looking forward to 2019, two things will be sought. First, donations will be solicited from the community. Please make checks payable to "Marquette Heights Men's Club." Please mail them to the Scholarship Chairman, North Pekin Marquette Heights School District # 102, 51 Yates Road, Marquette Heights, IL 61554.

Secondly, please inform 2019's Pekin High School graduates to contact the District 102 office in February 2019 for information on how to apply. The applicants must be graduates from the current graduating class of Pekin Community High School. Six years of their kindergarten through eighth-grade schooling must have been completed in the District #102 school system. Their grade point average at graduation must be 2.0 or higher. In order to receive the scholarship the graduate must have been accepted at an accredited college or junior college. Students' applications must be completed to be on the list of possible recipients.

Thanks go to the Scholarship Committee for managing the scholarship fund's deposits. This allows 100% of the donations to go directly to the scholars.
