Miss Pardo's CLASS NEWS

A Note from the Teacher

This week students will be checking out books in their reading level based on their STAR results. Their AR goals have also been set so they can start taking tests to reach their goals!

Please work with your child on their skip counting at home. If the students can skip count easily, multiplication and division are much easier for them to do.

We will be having a bus drill on Monday at 9:30 a.m. This drill will remind the students how to get off the bus in case of an emergency.

On Wednesday, we will be having an intruder drill. This will teach the students how to hide and behave in our classroom if an intruder were to get into the building.

Homework reminder

- ✓ This week the students will have spelling words. A letter explaining spelling will be coming home on Monday.
- ✓ Math homework will be sent home on Monday.
- ✓ Students will have a math quiz over lessons 4-6 on Monday. (We always review in the morning, then take the quiz after lunch.)

What We are Learning

- ✓ Math - Assess the students' understanding of the unknown as the size of the group of division, the unknown as the number of groups, and using an array.
- ✓ Grammar - adjectives
- ✓ Reading - The students will be choosing a library book as their Power Book.
- ✓ Cursive letters - l, h, b, k, i, e, a, t, j
- ✓ Social Studies - learning all about the prairie

AR

Please make sure your child is reading at least 15 minutes a night. Students will be able to begin taking AR tests and setting their AR goals for the quarter with me within the next week.

SPOTLIGHT this week is EMMA!

THANK YOU,
Miss Pardo
